COMPETITION

INFINITE
RECHARGESM

GET IN THE GAME

FIRST[®] Robotics Competition teams registered for the 2021 INFINITE RECHARGESM season can participate across learning environments

INFINITE RECHARGE AT HOME: Demonstrate robot performance remotely and compete for judged awards

INNOVATION CHALLENGE: Identify a real-world problem, design a solution, build a business model, and deliver a pitch for judged awards through the Innovation Challenge presented by Qualcomm

GAME DESIGN CHALLENGE: Design a new *FIRST* Robotics Competition game and compete for judged awards

AWARDS: Compete for traditional submitted awards, including Chairman's Award, *FIRST* Dean's List Award, and the Woodie Flowers Finalists Awards

SCHOLARSHIPS & CAREER DISCOVERY: Current and past participants can apply for scholarships from *FIRST* Scholarship Providers and participate in additional career discovery opportunities
